

TRIGA-S is a Contract Research Organisation with strong focus on in-vitro diagnostics. Being family-owned means more than just the form of company management. It is also a sign of respectful interaction with each other. Our corporate culture is based on collegiality, respect, flexibility and openness. Long-term planning is part of our strategic orientation. This is how we succeed in further developing our innovative services for the diagnostic industry. Our headquarters is located in Habach, south of Munich.

#### **What is important to us:**

- Positive attitude
- Customer centricity
- Team spirit

### **We are hiring**

## **Clinical Study Manager (f/m/d), full time position**

#### **Your key qualifications**

- PhD or Master's degree in biology, biochemistry, immunology, chemistry, clinical medicine, biotechnology or similar fields
- Approx. 2-5 years of relevant professional experience
- Expertise in project management or monitoring of studies, ideally in the diagnostics industry, and knowledge of applicable standards
- Excellent verbal and written communication skills (fluent in English and German)
- Extremely organized and independent way of working with the ability to solve complex problems
- Willingness to travel (domestic and international, max. 20%)
- Excellent intercultural awareness
- Passion to collaborate and build meaningful relationships

#### **Your tasks and responsibilities**

- Designing feasibility or performance studies together with all relevant stakeholders, e. g. Product Development teams, Regulatory Affairs, Monitoring, Data Management, Biostatistics, clinical experts, physicians, etc.
- Preparation and execution of studies including oversight of timelines, budget and compliance with regulatory requirements, as well as report compilation
- Preparation and submission of study dossiers to competent authorities and ethics commissions
- Coordination of interdisciplinary study teams incl. study-specific training
- Stakeholder communication and management
- Presentation of study results in workshops and publications

#### **What we offer**

- An international and exciting work environment in an SME with flat hierarchies
- Hybrid working: office-based and working from home
- Onboarding and mentoring program
- Internal and external training opportunities
- Permanent contract with 30 days of paid vacation per year and a competitive salary as well as attractive company benefits
